Meg Cowley : Fantasy Creatures Colouring Book: Creative Art Therapy For Adults (Colouring Books for Grownups) (Volume 7) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fantasy Creatures Colouring Book: Creative Art Therapy For Adults (Colouring Books for Grownups) (Volume 7):

0 of 0 people found the following review helpful. Great coloring book By D. H. Nice book that's a lot of fun to color. 0 of 0 people found the following review helpful. Four Stars By High Princess quality of paper could be better. 2 of 2 people found the following review helpful. Interesting and Unique... By Cindy Butler I received a free copy of this book in exchange for a fair and honest review. Summary: "Fantasy Creatures" contains two copies each of 25 different

images, 6 pages of introductory material, a colorable title page, and 2 biographical pages at the end. It measures 8.5 x 11 inches and is glue bound into a laminated cover. Featuring black and white line drawings, this book is appropriate for adult colorists on all skill levels. Paper: The paper in this book is bright white and about the same thickness as standard copy weight. There is one image per page with the title printed on the reverse. All pages are non-perforated. Most mediums will be okay to use, but markers may cause some pulling and have heavy bleedthrough. As always, be sure to place several sheets of blotter paper under your current picture to prevent color transfer. Artwork: As the title suggests, "Fantasy Creatures" focuses on mythological people and animals. Inside you'll see fairies, dragons, mermaids, fauns, dryads, krakens, and more. They range in difficulty from simple headshots to full body images with background elements. All of the pictures are surrounded by a thin black border and do not end before entering the binding, so pages can be removed without losing anything. Detail level ranges from quite simple to fairly complex and picture completion time should range from 1 to 5 hours (may be slightly different for each individual). Overall, this is a nicely compiled book with unique artwork. It would be best suited for pencil/chalk colorists who enjoy fantasy imagery.

Delve into a world of fantasy, magic and adventure in the Fantasy Creatures Colouring Book! Be enchanted by faeries, elves and unicorns, awed by dragons and centaurs, and discover mischievous imps, lurking grims, and deadly kraken within these pages for you to bring to life with colour. There's even a secret Anglo-Saxon rune message to decode. The book features 2 copies of each of the 25 hand-drawn, original illustrations, and for a limited time comes with a bonus code to download a free digital copy of the title. Fans of Selina Fenech and Anne Stokes would enjoy this colouring book.
