3 of 3 people found the following review helpful. Great Funny Joke Textbook By Tanvir Khan We used this for my College Writing English college course. The book is hilarious and I loved the class because it was all on humor. 1 of 1 people found the following review helpful. A must read for every citizen in the world..but ESPECIALLY for Americans! By Ms. Nuschler It's Jon Stewart! Need I say more? Okay I will. This is laugh out loud humor at its most

politically incorrect best. Stephen Colbert was still writing with Stewart when this book was published. It's a great look at the "most exceptional country in the world." If we can't laugh at our foibles and yes, its infantile humor at times, then we are lost. This book was written EIGHT years ago...look at how far we have strayed into partisan thinking. Hopefully Stewart will make you see that we Americans are VERY much alike! 2 of 2 people found the following review helpful. Entertaining and very informative. By Czechmate53 Loved the books so much I sent another copy to a friend who was bemoaning the lack of civics courses available.
