You must read it in spurts because you will become over-saturated with the comedy.0 of 0 people found the following review helpful. Very funny book, lots of great satire in the book ...By BryanGVery funny book, lots of great satire in the book and would highly recommend (however if you are looking for a factual book this is not the one) but gives you funny insight on some things and can still be great fun and a great time to read. Makes me laugh everytime I open the book and I am looking forward to reading Jon Stewarts new book.0 of 0 people found the following review helpful. Four StarsBy Michael Garlicka gift no feedback
