Fun, bitter read!By MaxxEIf you're ever in one of those moods where work is driving you crazy, or someone's really getting on your nerves, this little book would be the perfect read. I could relate so much to some of the poems - some of the themes rang so true - like the one about getting older and realizing that the more things change, the more they stay the same. Or the one about ridiculous toilets - the little everyday things that niggle at us all. I enjoyed the dark, grumpy tone of the book, and the writer's sense of humour, and would like to read more of her work.0 of 0 people found the following review helpful. This book entertains me a lot. i love the poems and i am grateful that i only got this one for just a dollar. great find indeed!By WalterThis book entertains me a lot. i love the story and i am grateful that i only got this one for just a dollar. great find indeed!0 of 0 people found the following review helpful. Quick read, good laughsBy Teddy HallI thought this book was rather

entertaining. The title is spot on and is great for when you need a laugh. The poems are a bit easy, but sometimes that's exactly what you need. I'd like to read more by this author. Great for a fast read.

Have you had a soul-sucking office job? Do people and things annoy you easily? Have you ever had a desire to express your feelings in verse? Within these pages you will find bad poems and worse illustrations about those very things that bother, annoy, alarm, disturb and irritate. If they make you laugh, then the author's suffering in one hellish office job after another will not have been in vain.

About the AuthorA self-described misanthrope, C.R. Black has had a series of horrible bosses and annoying co-workers who haven't exactly encouraged the author to develop a new fondness for people. C.R. enjoys sarcasm as a way of dealing with these people in a non-violent way. Her philosophy is "Be the snark you want to see in the world." After years of one awful job after another, C.R. packed it all in and moved back to the middle of nowhere. She has discovered that the small town people who annoyed her growing up are less annoying than the city people she spent her 20s dealing with. C.R. is currently working on a romance novel...no, really.
