Jaymes Brown : The Life of a Canadian before purchasing it in order to gage whether or not it would be worth my time, and all praised The Life of a Canadian:

0 of 0 people found the following review helpful. A book so Canadian that Maple syrup drips from every page.By Keith LaneI had no idea that Canadians were so interesting, off kilter, and full of idiosyncrasies. If you want a book devoid of guile, pretentiousness, and a secret agenda to extol, this is required reading. The author's unique designs and prose are a welcome diversion from what you may call "run of the mill". My only complaint is that the book left me wanting more. Okay, maybe there is a secret agenda after all. I look forward to more from Liam the lovely Canadian and more from Mr Jaymes Brown.0 of 0 people found the following review helpful. That's just normal for an author like JaymesBy Leonard BrownIf you're looking for a humorous look into Canadian life, you've found it. The story tells of Liam, a Canadian with an interesting life. Shortly after the introduction, Liam's tale takes a humorous turn to the absurd, but that's just normal for a character like Liam. Enjoy this farcical romp through the great white north, and leave your cares at the door as we observe the life of a Canadian.0 of 0 people found the following review helpful. This book is great. The humor is funBy CustomerThis book is great. The humor is fun, goofy, and unique. But most unique of all is the artwork. Beautifully and creatively illustrated in a style that's one of a kind. I'm hoping for many many more books in the future!

Follow Liam, a Canadian, as he experiences a typical Canadian day...probably...

About the Author Jaymes Brown has been writing and illustrating for nearly two decades. This is his first published work. His combination of bizarre humor and cartoons makes for a truly unique reading experience.
